WHAT TYPE OF COMMUNITY DO I LIVE IN?

Kinneton is a suburban community. We are close to NYC, and many people who live here commute to the city to work.

Suburban communities are those communities that are close to a city.

POPULATION AND DIVERSITY

There are over 10,000 people living in Kinneton, NJ.

My family fits in here- we live in the Smoke Rise Community. Our house is similar in size to my neighbors and my parents both work, like many of the people in my community.

NEIGHBORS AND NEIGHBORHOODS

A neighbor is someone who lives within your community, usually close to your home.

We have many neighbors.

We help our neighbors, shovel each others driveways, clean up after the bears together, and always wave hello when we see each other.

This is all part of being a good neighbor.
